REASONS FOR ALLOWANCE

Application and Claims Status

1. Applicant's amendment and response filed 0628/2007 are acknowledged and entered.
2. Claims 1-42 were pending. Applicants have amended claims 3, 6, 8, and 10; and cancelled claims 1, 2, 7, 9, and 17-42. No claims were added. Therefore, claims 3-6, 8, and 10-16 are currently pending and are under consideration in this Office Action.

3. The following is an examiner's statement of reasons for allowance:

The claims are allowed for the reason that the cited prior arts does not teach or fairly suggest the presently claimed device as follows:

A. The instant claim 3 is allowed for the reason that the cited prior arts do not teach or fairly suggest the presently claimed apparatus wherein *'the current driver includes a current mode D/A converter including N current sources for outputting currents according to the bits of the display data; an additional current source for outputting a current with an arbitrary value; and a first switch for receiving the control signal and electrically connecting the additional current source and the pixel section to each other only during the given period in the current setting mode'*.

B. The instant claims 6 and 8 are allowed for the reason that the cited prior arts do not teach or fairly suggest the presently claimed apparatus wherein *'the current driver is a current mode D/A converter including: N current sources for outputting currents according to the bits of the display data; second switches respectively provided on output*

paths of currents flowing in the respective N current sources; N bypasses for shunting and outputting the currents flowing in the N current sources, by way of the respective second switches; and third switches respectively provided on the N bypasses, wherein the third switches are ON with the control signal during the given period in the current setting mode, whereas the third switches are OFF with the control signal during the operation periods other than the given period'.

C. The instant claim 10 is allowed for the reason that the cited prior arts do not teach or fairly suggest the presently claimed apparatus wherein the comparator compare “*the output voltage of the voltage setting means with an output voltage of the current driver and outputting the comparison result to the timing control unit*”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
